

Fozmula gauges and senders

The **FOZMULA** range of engine monitoring instrumentation are reliable cost effective gauges for use with 10 - 180W resistance match senders.

Incorporating integral back lighting, Fozmula gauges monitor oil temperature and pressure, water temperature and pressure, battery volts and fuel level. Additionally, we offer tachos, hours run meters and speedos to complete the range.

PART NUMBER	VOLTAGE	DESCRIPTION
V120921	12V	Oil Pressure, 0 - 10 Bar
V120922	24V	Oil Pressure, 0 - 10 Bar
V120923	12V	Oil Pressure, 0 - 5 Bar
V120924	24V	Oil Pressure, 0 - 5 Bar
V270961	12V	Water Temp, 40 - 120°C
V270962	24V	Water Temp, 40 - 120°C
V270963	12V	Oil Temp, 50 - 150°C
V270964	24V	Oil Temp, 50 - 150°C
V210947	12/24	Ammeter, 50-0-50
V210948	12/24	Ammeter, 60-0-60
V220936	12V	Voltmeter
V220937	24V	Voltmeter
V260931	12V	Fuel level
V260932	24V	Fuel level

Gauges specification

Construction:

Casing: Steel zinc plated and passivated
 Window: Glass
 Bezel: Matt black

Dimensions:

See below

Electrical:

Supply voltage: 12VDC (8/16VDC) or 24VDC (16-32VDC)
 Resistance match: Linear 10 - 180W
 Connections: M4 x 0.7 studs and 6.3mm spades

Accuracy:

Tolerance: Oil pressure, oil and water temp $\pm 5\%$ of the full scale value @ 25°C $\pm 5^\circ\text{C}$
